- Carrier route letters that are not automation-compatible and barcoded (DMM 201.3.0) are mailable at the flat-size prices (DMM 243.3.6). Mailers may not pay carrier route flat prices and claim the DDU discount for letter-size pieces.
- Subtract \$0.001 for each letter that complies with the full-service Intelligent Mail option requirements (effective Nov. 29, 2009).
- For pieces weighing more than 3.3 ounces, each piece is subject to both a per piece price and a per pound price. Multiply the number of pieces in the mailing by per piece price. Multiply the number of pounds of the mailing by per pound price. Add both totals.
- Per piece price for carrier route letters and automation letters that weigh more than 3.3 ounces but less than (or equal to) 3.5 ounces includes a discount that equals the applicable flat-size price (3.3 ounces or less) minus the applicable letter piece price (3.3 ounces or less).
